FOR IMMEDIATE RELEASE

### **ELEVATING COWETA STUDENTS IN OUR CURRENT TIME OF NEED**

(Newnan, GA - March 19, 2020) - During this time of uncertainty, students are vulnerable to confusion, fear, and difficult thoughts. The staff at ELEVATE Coweta Students are working hard to see that the needs of our Coweta County students are met.

As schools around the county closed and students shifted to online learning, ELEVATE staff sprang into action. Leveraging technology to overcome social distancing, they are putting in place plans to initiate a campaign of emailing, texting and spending online time with students and their families. These means of digital outreach to students are helping to support, encourage, and uplift them.

In addition to online support, ELEVATE staff are serving students directly by taking them food and basic needs that they would otherwise be without. Social distancing directives have presented a new set of challenges in getting supplies to students. No student should go hungry and ELEVATE staff are working hard to overcome logistical challenges to support students.

ELEVATE Coweta Students is a Coweta County based nonprofit organized to serve students and their families. They ask for your support in this time of need. Please follow and support their online initiatives via social media

Facebook - <https://www.facebook.com/ElevateCowetaStudents/>  
Instagram - <https://www.instagram.com/elevatecowetastudents/>

LinkedIn -

<https://www.linkedin.com/company/elevatecowetastudents/>

In addition to social media, ELEVATE Coweta Students maintains a full suite of online resources for students on their website at:

<https://elevatecowetastudents.org>

ELEVATE Coweta wishes to thank all those in the community who generously support the organization and asks that others who are willing to help consider doing so. The future of our community rests with our students.
